Appoint Allen Jacobs
Director Of Staff
Of Station WWL-TV

The appointment of Allen Jacobs as a director on the staff of WWL-TV was announced today by W. Howard Summerville, general manager for the new station which begins broadcasting on VHF Channel 4 on September 7.

Jacobs was born in Evansville, Indiana, and has been teaching television directing at Northwestern University in Evanston, Ill., for the past year.

He has been actively associated with television production for six years and was director and production manager at WEHT-TV, a primary affiliate of the Columbia Broadcasting System, Evansville, for two years.

Mr. Summerville said Jacobs has experience in almost every type of local television production. He has directed news, sports, weather and musical variety shows—a woman's magazine-type show, a cooking show, the remote coverage of special events including harness racing and golf matches, and several quiz shows involving paid contestants.

Before working at WEHT, Jacobs served in the Air Force as public information officer for northeast Ohio. In this capacity, he helped produce all remote television broadcasts of parades and special events involving military personnel.

Jacobs is 27 years old and will move here from Wilmette, Ill.

Gary Cooper, Audrey
Hepburn-Have Romance
In Gay Comedy

Producer-director Billy Wilder's spiky romantic comedy, "Love In The Afternoon," filmed in France for Allied Artists with Gary Cooper, Audrey Hepburn and Maurice Chevalier starred, will open Sunday-Monday at the Star theatre.

The gay motion picture is based on "Ariane," spiky novel authored by Claude Anek. The screenplay was written by Wilder in collaboration with I. A. L. Diamond.

Cooper is cast as a rich American, who has gained a reputation and deservedly so, as an international Casanova—a free and easy-going man-about-town who never wants to become entangled in a serious love affair.

Miss Hepburn portrays a music teacher and Parisian detective's daughter who first becomes familiar to Cooper through her father's dossier and later romances with him at clandestine meetings in his suite.

Chevalier, not singing for the first time in his long screen career, is cast as Miss Hepburn's father, who unsuccessfully tries to shield his daughter from the details of his work as a specialist in obtaining evidence of marital dalliance.

With the exception of a romantic picnic scene between Cooper and Miss Hepburn which was filmed in a sprawling chateau, 40 miles from Paris, all of the picture was made in Paris.

In his love-making and to keep him in a rich romantic mood, Cooper relies on a string quartet. This musical group, which serenades him and Miss Hepburn not alone in the hotel but also on their picnic, for 17 years has been featured at the famed Parisian nightery, Monseigneur.

Three musical numbers, "Hot Paprika," "Ariane" and the title composition, "Love In The Afternoon" were written by Matty Malneck, popular American composer and orchestra leader.

"An Affair To
Remember" At Hi-
Way Theatre Sunday

Leo McCarey's "An Affair To Remember," a modern romantic comedy about a notable and slightly notorious bachelor, and a beautiful, sophisticated and witty night club singer, will have its local debut on Sunday and Monday at the Hi-Way Theatre.

Cary Grant and Deborah Kerr are teamed in this Jerry Wald Production, his first as an independent producer for Twentieth Century-Fox.

The Cinemascope, De Luxe color film is not only a hilarious shipboard frolic, but a beautiful love story as well, based on an original property by Leo McCarey and Mildred Cram. McCarey who also wrote the screenplay with Delmer Daves, returns to his directing chores after a four year absence. His "Oscar" for "Going My Way," should suggest the warm and tender quality he

injects in motion pictures and which can be expected to be a major element in "An Affair to Remember."

The director took his cast and crew to New York where exterior shipboard scenes were filmed aboard the S. S. Conquistador, and later parts of the luxurious liner were re-created on the studio sound stages for the interior scenes.

In this luxurious setting, the story is unfolded. Cary Grant, the acknowledged master of graying-room comedy, plays the bachelor who is affianced to the richest woman in the world. Deborah Kerr, whose recent performances have brought sheer enchantment to the screen ("The King and I" and "Heaven Knows, Mr. Allison") is his foil as the two meet aboard the ocean liner. Although she too is engaged to a millionaire, they fall desperately in love. However, to avoid undue publicity they try to curb their obvious affections in public, which only leads to a series of hilarious incidents.

Once the ship has docked in New York, they agree to part for six months while he tries to prove he can earn his own living as a painter.

AN OPEN DOOR FOR THE PROCESSING INDUSTRY

With highly favorable climate and soil combined with a more plentiful supply of labor due to mechanization of cotton and other crop production, Mississippi has excellent expanding vegetable production. There is a real opportunity for the successful operation of commercial freezing plants in several sections of the State.

Vegetable processors can be assured of full cooperation and assistance with their production problems and by the Extension Service and the Experiment Station. Mississippi is blessed with a wide selection of good soil types that will produce excellent yields of high quality vegetables.

prize, the boat, motor and trailer went to Mrs. Eunice Parsons of New Orleans; second prize, the Philco portable TV was won by Mr. J. W. Arnett of New Orleans and a third prize, a second hand '51 Chevrolet, was awarded to Cindy Rickoll of New Orleans. It was a great night for the New Orleans folks. Hope they enjoy their fine prizes!

Next week when school begins, our community will have settled down to the quiet little town it usually is during the winter months. But before the quiet descends bringing with it the end of summer vacations, we shall have the Labor Day week-end which brings with it visitors from many and varied places. Visitors and guests are cheerfully welcomed, but their coming brings traffic and make public areas, such as around the Waveland Municipal Pier, and along Coleman Avenue, unusually crowded. This column is asking that all motorists as well as pedestrians exercise strict caution during their holiday, so that the long week-end will not be marred with accidents or tragedy. Local authorities will be on duty to check speeders and offenders. Have a safe and sound holiday, and come back to Waveland.

Greater Gulf States Fair Is Scheduled For October 21-25

An estimated crowd of 150,000 persons is expected for the six-day Greater Gulf States Fair scheduled Oct. 21-25 at Ladd Memorial stadium. The Jaycee sponsored fair, which last year attracted 120,000 persons from a radius of 1000 miles, will offer several hundred agricultural, commercial and industrial exhibits plus the largest midway—480 feet wide by 1,500 feet long—ever featured in Mobile.

Jaycee officials predict that the fair will be one of Mobile's greatest boons to business during the fall season and the influx of visitors to the city is expected to particularly benefit hotels, motels, service stations and restaurants. Jim Hamrac and Rudolph Ramelli, Jr., cogeneral managers of the fair, have announced the Olsson Carnival Shows, one of the largest organizations of its kind, will present 28 different rides, 14 major amusement rides and 14 for the youngsters.

The move to Ladd Memorial stadium constitutes a change of major importance to the fair, which last year jam-packed Hartwell Field.

Top-bracket entertainment is again scheduled for this year and Mobile County schools are letting classes out on a staggered basis so the fair can be enjoyed by all.

Pancho, movie and TV partner of the Cisco Kid, will be in Mobile for the Fair October 23 and 24 to provide top entertainment for the small fry.

"The Jaycees are making an all-out effort to offer Mobile a great institution—the Greater Gulf States Fair—and we feel this annual program will develop into one of the finest of its kind in the nation," the fair officials stated.

Membership Drive To Start For Local American Legion Post

The chairmanship of a drive for 1958 American Legion membership enrollment was announced today by Post Commander Roger Rein.

Named to spearhead the local drive was Warren Buehler, Vice-Commander. Chairman Buehler is a veteran of World War 2 who served in the U. S. Army.

The newly appointed membership chief called a preliminary meeting of his committee to map plans for taking in additional members for 1958 and renewal of the current membership lists. We expect to top the 1957 membership total of 350 with a new high for our American Legion "Class of '58", he said.

"Our goal will be to invite every eligible veteran to join The American Legion," Buehler said. "It is an honor to be asked to serve in this capacity, just as it is a privilege for veterans of the World Wars and the Korean Action, who served honorably—to be asked to join with us."

The campaign which opened on July 10, 1957 will wind up on November 11 with a victory celebration on Veterans Day.

Pay your dues now. Help your post be the first over the top in the District and State Department.

WWL-TV STAFF FURTHER EXPANDED

The staff of WWL-TV was further expanded today with the addition of two new announcers. The new VHF station will begin broadcasting September 7 on Channel 4.

W. Howard Summerville, general manager for WWL-TV, identified the announcers as Alan Sloane and Michael Turner. Sloane will come to New Orleans from Dallas where he has been a staff announcer on station WFAA-TV for the past three years. He first went to work in radio with station WCMW in Canton.

He has worked with radio and television stations in Youngstown and Cleveland until recalled by the Army in 1952. For the next two years, he was engaged in psychological warfare, propaganda analysis and public information assignments. He has been associated with WFAA-TV in Dallas since his separation from the service.

Michael Turner, a 31-year-old native of Spartanburg, N. C., will come to WWL-TV from the staff of WSSB in Durham. Turner has considerable acting experience in addition to his announcing work in radio and TV. He speaks fluent French and acted with Buster Crabbe in the "TeleFrance" production of "Captain Gallant of the Foreign Legion." He also appeared with Ronald Howard in Sheldon Reynolds' production of "The Adventures of Sherlock Holmes."

After working with a number of American radio stations, Turner moved to France where he became associated with Radio-Television Disjonc Francaise in Paris. He also saw service in Okinawa as a staff announcer with the Armed Radio Service. He worked for WJSJ-TV in Winston-Salem and WLOX in Asheville and has dubbed French, Italian and German films into English.

Experiment Begun On Device To Signal You To Telephone

A personal signaling device has been developed by telephone engineers and is now being used on an experimental basis in Pennsylvania, according to J. C. Dabney, Southern Bell Manager here.

The service uses a pocket transistor radio receiver set somewhat larger than a king-size cigarette package, and informs a person on the move that there is an important message waiting for him at his office.

In practice, the service works like this:

Mr. J's secretary wishes to get an important message to her boss. She calls a special telephone operator known as the signaling number of Mr. J's receiver. The operator "dials" the number and voice frequency pulses go out over the special radio channel to start a pleasant tone coming from the receiver. Alerted that he has a call, Mr. J goes to the nearest telephone and calls his office.

If successful in operation, the system will eventually be offered in other parts of the country, Mr. Dabney said.

Cattle Brands Recorded Prior To June 30, 1957 Have Expired

The brand division of the Mississippi Livestock Theft Bureau is currently re-recording state branding irons, according to Commissioner of Public Safety Tom Scarborough.

Brands recorded prior to June 30, 1957 have now expired. A second five-year registration period, which began July 1, will extend through June 30, 1962.

Any brand recorded or re-recorded during this period will be valid for the duration of the present five-year registration period.

Brands Officer B. F. Rodgers states that all present brand owners were sent notices that their brands would expire last June 30, however, many cattlemen and farmers have failed to re-record their irons. Several letters were returned to the department with the notation, "Moved... Left no Forwarding Address."

All brand owners who wish to keep their recorded brand current should notify the department of Public Safety immediately, forwarding to the department the required two dollar (\$2.00) registration fee.

Use of a branding iron not properly recorded with the Department constitutes a violation of the law, according to Hillie Cole.

Every cattle owner who does not have a cleared and recorded brand, but who wishes to use a brand, should make application to the Commissioner of Public Safety, Department of Public Safety, Jackson, Miss. Application blanks may be obtained from local county agent or sheriff's offices or from the Department of Public Safety.

Vote FOR The Salary Increase

FOR YOUR MAYOR AND CITY COMMISSIONERS ON

Saturday, September 7th

This increase is reasonable and justifiable for the following reasons:

1. The Mayor and Commissioners of your city have not had an increase in salary since 1954 (twelve years). The cost of living during this same period has better than doubled.
2. The proposed increase in salary, if adopted, would encourage better qualified and well trained people to aspire to and seek the responsible and important offices.
3. The increase WILL NOT require any additional tax levy. As of July 1st past, the city completed purchase rental payments on machinery and equipment which amounted to \$6,200 this year. This amount will be much more than the \$3,600 per year, needed to provide the salary increase.

Vote For The Salary Increase

This being a special election, it will not be necessary for qualified voters to bring poll tax receipts to the polls.

JOHN A. SCAFIDE, Mayor

J. CYRIL GLOVER and WARREN E. TRAUB, Commissioners
